Call Before You Dig!

Doing projects outside your home this summer, such as decks and patios, trees or shrubs, swing sets, signs, fountains, tents, fences, mailbox posts, room additions, gardens, swimming pools, landscaping, etc.?

To avoid personal injury and damage to underground electric, gas, sewer, and telecommunications lines, state law requires you to contact JULIE before any digging project, regardless of the project size or depth. You must then wait 2 working days for Julie to mark your digging location.

Simply call 8-1-1 or 1 (800) 892-0123 to place a locate request. Both the call and JULIE's services are free.

Please call before you dig this summer!

Barrington's White House to Introduce its "Sustainer Program" 2017/18 Cultural Season to Be Announced July 18

Barrington's White House had a fabulous first season this past year, hosting such events as **Rachel Barton Pine's** virtuosic violin recital, an in-depth architectural presentation by WTTW's **Geoffrey Baer**, discoveries about John James Audubon by **Joel Oppenheimer**, and an amazing chamber music violin performance by local Elgin Symphony Orchestra's maestro **Andrew Grams**.

We truly appreciate the loyal support by both local patrons and from out-of-town guests discovering Barrington's cultural, epicurean, and architectural charm for the first time.

As we enter another season at Barrington's White House, we again ask for your support. **The BWH Advisory Committee and the BWH Cultural Committee is hosting a special reception on Tuesday, July 18th at 7:00 p.m.** to unveil the upcoming 2017/2018 Cultural Season and introduce its new Sustainer Program.

The Committee is pleased to announce that **Kim Duchossois**, a member of the BWH Advisory Committee, has committed \$50,000 as a challenge to match any pledges or gifts that are made to the new Sustainers Program in 2017. These dollars will be used to support programming and related costs for the upcoming 2017/2018 season and beyond.

The arts and humanities are an important part of who we are as a community, and Barrington's White House has emerged as a leading venue for quality programming and cultural events. With your help, we can continue to offer local and international artists, as well as speakers representing the humanities, right here in Barrington, making these offerings convenient and affordable for our residents.

Thank you for your continued dedication to the arts in Barrington. If you would like to attend this event or would like further information, please call 224-512-4066 or email culturalevents@barringtonswhitehouse.com.

Pitch In to Conserve Water: Water Usage Ordinances in Effect

Now that summer is here, additional water is being used by residents to maintain lawns, gardens, and trees, which places a higher demand on our water system. The Village has an ordinance establishing limitations on water use. ***We also ask that you make a conscious effort to conserve this precious resource throughout the remaining summer.***

OUTSIDE WATER CONSERVATION

	EFFECTIVE 9/16 - 5/31 ALL RESIDENTS	EFFECTIVE 6/1 - 9/15 ODD/EVEN	AS REQUIRED ODD/EVEN	AS REQUIRED ALL RESIDENTS
USE OF SPRINKLER/IRRIGATION SYSTEM FOR ANY WATERING	5 a.m. - 10 a.m. 5 p.m. - 10 p.m.	5 a.m. - 10 a.m. 5 p.m. - 10 p.m.	NOT ALLOWED	NOT ALLOWED
HAND WATERING SOD, TREES, SHRUBS AND GARDENS	EVERY DAY/ ANYTIME	EVERY DAY/ ANYTIME	5 p.m. - 10 p.m.	NOT ALLOWED
CLEANING CARS, SIDEWALKS, DECKS, FILLING POOLS, ETC.	EVERY DAY/ ANYTIME	EVERY DAY/ ANYTIME	EVERY DAY/ ANYTIME	NOT ALLOWED

**AT ALL TIMES A SHUTOFF DEVICE IS REQUIRED AT THE END OF THE HOSE*

Water conservation tips:

Run dishwashers and washing machines with a full load only (unless reduced fill settings are available).

When washing a car, rinse it once. Use a bucket of soapy water to wash it, and then rinse it once more quickly. Taking a car to a car wash may save water since many commercial installations recycle their water.

Take shorter showers. Turn down the faucets and try a low-flow shower head. A typical five-minute shower can use over 40 gallons of water. A shower of seven minutes or longer can consume more water than a bath.

One inch of rain or watering over a 7 to 10 day period is sufficient to maintain a healthy lawn. There is no need to water every day, as it promotes weak, shallow, rooted grass.

A typical toilet leak can waste thousands of gallons of water each year.

Reset automatic irrigation systems to meet the changing Village water status. Watering during the morning hours is best for your lawn to prevent evaporation loss.

Don't leave water running when shaving, brushing teeth, washing hair, or washing dishes.

Grass beginning to turn brown during dry conditions has become dormant and will revive after a normal rainfall.

A small drip from a leaking faucet can waste 70 gallons of water each day. Replace worn washers.

Avoid sprinklers that produce a fine mist. Too much water is lost to the wind and evaporation.

Insulate hot water pipes between the heater and the faucets to reduce the amount of water that must be run to get hot water.

Sweep sidewalks and driveways, instead of washing them.

Village Aggregation Program Allows Residents to Choose Renewable Energy

Recently, a letter was sent to all residents from Dynegy Energy, the company that will be supplying electricity to residents under the Village's aggregation program. This letter allows residents to choose between a traditional

electrical supply for a cost of \$0.0697 per kilowatt hour of consumption or a 100% renewable electrical supply source for \$0.0717 per kilowatt hour.

The renewable energy supply program will allow residents to support renewable energy sources, and the program will still provide a cost that is

lower than the base Commonwealth Edison electrical rate of \$0.0720 per kilowatt hour. Residents can choose a renewable energy supply and still save a small amount of money compared to the ComEd rate. As a reminder, ComEd will continue to transmit the electricity over its wires and will bill residents for the transmission of electricity and for the supply of electrical energy, even though Dynegy is actually supplying the energy. ComEd also serves as the electrical supplier of last resort so service will never be interrupted. Please call 847-304-3400 if you have questions about this program.

VILLAGE NEWS YOU CAN USE

Jewel Park Residents Met with Village to Discuss CN/ Route 14 Underpass

On Tuesday, June 6, approximately 50 residents from the **Jewel Park** subdivision met with representatives of the Village, IDOT, and Civiltech Engineering to discuss the Canadian National/ Route 14 underpass project. To watch the video, visit www.barrington-il.gov.

Dog Tags Due July 1

Per Village ordinance, dog tags are due July 1 and can be purchased for \$5 at Village Hall or online at www.barrington-il.gov.

Drop It and Drive!

That's the name of the campaign being launched by Barrington Police Department Chief **David Dorn** and Lake County Chiefs of Police as the summer approaches and we enter the "**100 Deadliest Days**" of teen driving.

According to the AAA Foundation for Traffic Safety, more than 1,600 people were killed in crashes involving inexperienced teen drivers during this deadly period, which runs from Memorial Day and Labor Day.

The AAA reports that the three main contributing factors in teen fatal crashes are distraction (from passengers and/or electronic devices), failure to wear a seatbelt, and speeding.

Chief David Dorn said, "If you cannot provide your 100% undivided attention while driving, you are distracted. We urge teens and motorists to challenge themselves by avoiding all distractions while driving. Remember, when operating a vehicle, wear your seatbelt and **DROP IT AND DRIVE!**"

Fourth of July is the Best Time in Barrington

There are times when living in a small town brings us all together and makes us feel like we're part of something special.

The Fourth of July celebrations are that kind of time in Barrington. During the many years that I've worked for the Village of Barrington, first as a patrolman, then as Police Chief, and now as Village Manager, I'm always amazed at the amount of people who come to town for the parade, then stay for the Brat Tent festivities and all the other wonderful events our town has to offer during this time of year.

This year the parade will feature a new twist - Bob the DJ will be emceeing the entire parade LIVE from the rooftop of Shakou this year. He will be announcing all the entries as they parade by the grandstand. This great addition to our parade has been made possible by a generous Presenting Sponsorship from **Idealese Trucking Co.**

After the parade, join friends and neighbors at Barrington's White House for a reading of the Declaration of Independence by **Tim Dunn** and an Open House. Docents will provide historical information about this meticulously renovated 1898 mansion, including details on its original owners. Tim is a former BHS teacher and great-nephew of **Arnett C. Lines**, whose father, carpenter **Fred Lines**, built the house.

And there are lots of other great things happening around town. The Brat Tent will again host live music, including Barrington's Community Band continuing its traditional post parade performance.

I look forward to seeing you all this holiday, as we celebrate our community and our nation. Enjoy your time with family, friends and neighbors.

Make a Difference at the Parade: Bring a Canned Good for the Food Pantry

Don't forget your canned food item for the parade! Heinen's is once again sponsoring the food drive for our Cuba Township Food Pantry. During the summer months, the pantry is in need of **non-perishable food items**, as well as **laundry detergent** and **cleaning supplies, pet food, toiletries** (toothpaste, shampoo, etc.), **gift cards to local grocers/discount stores** in \$20 denominations, and **gas gift cards**.
